We are looking for candidates with the following;

- Substantial experience in Water Hygiene / Legionella control industry
- In depth understanding of the ACoP L8 and HSG274
- Enjoy physical work, lifting and carrying
- GCSE Maths and English grade C and above
- Record keeping and attention to detail
- Full current UK driving Licence
- Based in or around Bristol

On a day to day basis the role includes;

- Cold water storage tank cleaning and disinfection
- Temperature Monitoring
- Showerhead cleaning and disinfection
- Tank inspections
- Taking water samples
- Calorifier inspections
- TMV servicing
- LTHW
- BS8558 disinfection

It also includes the following more general tasks;

- Preparing and completing job sheets and procedure logs
- Being responsible for tools and equipment including PPE
- Driving to site (circa 25,000 business miles per annum)
- Completing on-site log books
- Maintaining a professional and tidy appearance, both personally and with equipment and van

Package

Competitive salary

Overtime opportunities

20 days holiday per annum plus bank holidays, accruing one extra day per year from date of second anniversary

Company vehicle (Van)

Full technical training and on-going career progression

Full statutory entitlements

Hours - Monday to Friday 40 hours per week
