

Water Hygiene Technician

Dantek are leading providers of Legionella prevention services, and we are looking for a talented Water Hygiene Technician to join our experienced team.

We are a small team of dedicated professionals who are committed to helping businesses prevent the harmful effects of water in buildings. We focus on training and development and investing in our team.

This varied role offers career progression and ongoing technical training for a company with a great reputation in the legionella control industry which we have proudly built up over 22 years.

The ideal candidate will have experience of tank and system cleaning and disinfection, temperature monitoring, showerhead cleaning, sampling and TMV servicing. You may also have experience in LTHW testing, water softener servicing and cooling tower cleaning.

The work is varied and the environment changes daily, making this a challenging and interesting role for someone hungry for progression.

We are looking for candidates with:

- Min 2 years' experience in Water Hygiene / Legionella control industry
- In depth understanding of the ACoP L8 and HSG274
- Enjoy physical work, lifting and carrying
- GCSE Maths and English grade C and above
- Accurate record keeping and attention to detail
- Full current UK driving Licence
- Based in or around Bristol

Your duties will include:

- Cold water storage tank cleaning and disinfection
- Temperature Monitoring
- Showerhead cleaning and disinfection
- Tank inspections
- Taking water samples
- Calorifier inspections
- TMV servicing
- LTHW testing

General tasks:

- Following procedure logs and method statements

- Plan and preparation of tools, equipment, and PPE
- Driving to site (25,000 business miles per annum)
- Accurate data collection and reporting

Benefits

Competitive salary £23600 – £26250 (depending on your experience)

Overtime opportunities

20 days holiday per annum plus bank holidays, increasing with service to 25 days

Company vehicle (Van)

Full technical training and on-going career progression

Full statutory entitlements

Hours - Monday to Friday 40 hours per week

Location – Working at our customer sites, flexibility is a must as your location will change each day.

You will be managed by our fantastic team in our offices in Thornbury.

Why choose Dantek

We are an owner managed family business who understand the importance of balancing work and home life. We all work as an effective, and highly dedicated team focused on finding solutions to solve problems. You can take comfort that you will be supported by some of the best trained people in our industry both out in the field and from the office support team.

Working within a team of technicians, your ideas for improvements to our process are valued and solution-based problem solving is actively encouraged. You will benefit from ongoing technical training and nurture your genuine interest and curiosity in the prevention of Legionnaires' disease.
